

KILIMANJARO PREMIUM LAGER MARATHON

TRAVEL PACKAGES 2019

Join us on the foothills of Africa's highest free standing mountain, Mount Kilimanjaro, in one of Africa's iconic marathons, the Kilimanjaro Premium Lager Marathon.

This spectacular run has the official backing of the Tanzania Tourist Board, the Tanzania Amateur Athletics Association, the IAAF, and is registered with AIMS. The logistics of the operation are run by the Kilimanjaro Marathon Club and the members of both the Tanzania Amateur Athletics Association (TAAA) and the local Kilimanjaro Amateur Athletics Association (KAAA). The run may also be used as a qualifier for Comrades.

Tanzania is a diverse country with its towering snow capped mountains, endless plains teeming with game and sun kissed tropical beaches.

We've put together some great packages to wet your appetite for this beautiful country, and can tailor make any other options you might have in mind So don't just run in and out – take your time and discover the magic for yourself.

ABOUT THE RACE

The marathon route leaves Moshi stadium and heads down towards town and along the main road to Dar es Salaam for approximately 8-9 km. This section of the route is relatively flat, and there are plenty of spectators and well-wishers along the road. Turn around and head back to Moshi, turning toward the mountain and heading up a long, steady ascent towards Mweka. The uphill climb is gradual, but with Kilimanjaro towering above and all the local villagers out to cheer you on, the time passes quickly. The route then winds through a lovely forest area before turning for a fast downhill run back toward the stadium. Regular water tables as well as 'sponging points' and the odd 'shower' keep the runners refreshed and cool along the entire route.

The route passes through many smallholding farms, villages, banana and coffee plantations, providing great excitement to the locals who give ample vocal support.

For those running the half marathon, the route also starts at the Moshi stadium and after a short, flat section, it follows the gradual uphill route to Mweka as per the full marathon – before turning back towards the stadium. The atmosphere in the stadium is electric with local bands playing, entertainment, crowds of local enthusiasts to cheer the runners, and lots of food and drink for sale. The 5km FUN RUN is great fun for all!

B. KILIMANJARO MARATHON & MACHAME ROUTE: PRE MARATHON CLIMB

Day 1: Saturday 23 February 2019

On arrival at Kilimanjaro airport you will be met and transferred to Keys Uru/ K's Lodge for overnight before your climb.

Day 2 : Sunday 24 February 2019

The Machame route is one of the most scenic routes up Mt Kilimanjaro. Nights are spent in high-quality 3-man alpine tents sleeping a maximum of two persons per tent (so there is space for your luggage too).

All your supplies and camping equipment are portered up for you (tents, 20-25 mm compressed foam sleeping mats, awnings, stools, lights, etc), and hearty meals are prepared for you. Your personal baggage limit is **12 kg** for the climb. South African tents and sleeping mats are supplied on this trip.

Our guides are excellent (some have climbed Kilimanjaro over 400 times)! Each trip is led by a senior guide, with other guides in a ratio of approximately one guide per 2 or 3 climbers - if you are a bit slower than the rest or get ill and have to descend, a guide will always be with you.

Food served on the mountain is generally plain and wholesome, including a lot of carbohydrates, stews and soups, vegetables and fresh fruit. Vegetarians are catered for, but please notify us in advance. Wild Frontiers will send you the comprehensive Kilimanjaro Information Pack upon booking which will include suggested gear, medical and training advice.

Machame Gate (1,490 m/4,890 ft) - Machame Camp (2,980 m/9,780 ft) FB

Walking distance: 18 km/11 miles

Walking time: 5-7 hours

Altitude gain: 1,490 m/4,890 ft

After breakfast you will be transferred to the Machame Gate at Kilimanjaro National Park. Today, walk through the beautiful rainforest with dense vegetation, often on a muddy trail, with short sections of steep climbs. The trekking pace is slow and very comfortable, ensuring you have enough time to enjoy the natural surroundings, take a photo and nibble on your packed lunch that we provide. The first campsite, Machame Camp, is on the edge of the dense rainforest, offering your first peek of the mountain in the distance.

Day 3 : Monday - 25 February 2019

Machame Camp (2,980 m/9,780 ft) - New Shira Camp (3,840 m/12,600 ft) FB

Walking distance: 9 km/5.5 miles

Walking time: 4-6 hours

Altitude gain: 860 m/2,820 ft

The trail continues over steeper terrain interspersed with easy walking. The vegetation changes to increasingly sparse trees and bushes into moorland. Views of Kibo and Uhuru peak with its snow-capped summit come into sight as you near Shira Camp. The camp itself is one of the most scenic as it allows views towards Mt Meru in the distance and the top of Mt Kilimanjaro. You often see the most spectacular sunsets from Shira with the clouds below you and the higher mountain peaks peeking through to catch the last bit of sunshine. Just a short hike from the camp is the Shira Caves. This makes a very nice acclimatisation walk before you enjoy a sumptuous dinner and settle down for the night.

Day 4 : Tuesday – 26 February 2019

New Shira Camp (3,840 m/12,600 ft) - Lava Tower (4,630 m/15,190 ft) - Barranco Camp (3,950 m/12,960 ft) FB

Walking distance: 15 km/9.3 miles

Walking time: 7-9 hours

Altitude gain: 10 m/360 ft (680 m/2,230 ft to Lava Tower)

Today you hike up to 4,630 m (15,190 ft) through alpine desert where the dust hugging the rocks gives the illusion that you are walking on the moon. At Lava Tower, a big rocky outcrop, you have views of the ancient glacier ice of the Breach Wall on Kibo. Sunsets and sunrises at this camp are breath-taking. The sun paints the rocks in front of camp a dreamy red-yellow colour with the white ice of the high peaks shining bright. You often sleep above the clouds at Barranco Camp.

Day 5 : Wednesday - 27 February 2019

Barranco Camp (3,950 m/12,960 ft) - Barafu Camp (4,550 m/14,930 ft) FB

Walking distance: 9.3 km/5.7 miles

Walking time: 8 hours

Altitude gain: 55 m/185 ft

After breakfast you cross the Great Barranco Wall, topping out at about 4 420 m before dropping to the camp at the Karanga River at about 4040 m. The hike up the Barranco Wall is steep. You pass below the famous Breach Wall, the largest ice and rock face in Africa. A field of sedimentary rocks litter the ground. Leaving Karanga you hit the junction which connects with the Mweka Trail. Continue up to the Barafu Camp. At this point, you have completed the South Circuit, which offers views of the summit from many different angles. Amazing views of Kilimanjaro's two peaks, Mawenzi and Kibo, are to be seen from Barafu Camp. An early dinner will be served in order for you to get the maximum rest before the final ascent starting at around midnight. Daytime temperatures can reach up to 26C, while evening temperatures often drop below freezing.

Day 6 : Thursday – 28 February 2019

Barafu Camp (4,550 m/14,930 ft) - Summit via Stella Point (5,752 m/18,871 ft) to Uhuru Peak (5,895 m/19,340 ft) and descent to Millennium Camp (3,820 m/12,530 ft) or to Mweka Camp (3,100 m/10,170 ft) FB

Walking distance: 7 km/4.3 miles ascent + 23 km/14.2 miles descent

Walking time: 5-6 hrs + 1-2 hours up, 7-8 hours down (the overall walking time may vary between 10-16 hours)

Altitude gain: 1,202 m/3,940 ft (Stella Point) or 1,345 m/4,410 ft (Uhuru Peak)

Descent: 2,795 m/9,170 ft Mweka Camp

Wake up very early to have a quick bite to eat and something warm to drink before setting out in darkness. The hike to Stella Point is a very slow steep walk on volcanic scree for about 5-6 hours. The headlamps on the trail towards the summit almost look like fireflies flying in a long row. As you approach the crater rim you will enjoy the most memorable sunrise you may ever experience – the sunrise over Africa!

Often you see the curving of the earth at this high altitude and the sunrise on the horizon just accentuates it. Keep your camera ready at all times as there are plenty of photo opportunities along the summit. Once you reach Stella Point on top of the crater rim Uhuru Peak is in sight.

Hike along fairly flat terrain for about 40-45 min to reach Uhuru Peak. You've made it! Spend a few minutes at the top and get that photo of you next to the sign marking the summit - definitely one for your collection.

Descend from Uhuru Peak in high spirits! The trail down from Stella Point on the Mweka route is often enjoyed by hikers sliding down the scree slope, which entails skidding down the loose gravel with big steps and some sideways moves. Try it, it is fun! With every step going down your body enjoys having more oxygen to breathe in. Depending on how you feel, you may enjoy a short rest at Barafu Camp before descending down to Millennium Camp or Mweka Camp. Most of our expeditions overnight at Mweka Camp this evening.

Day 7 : Friday –01 March 2019

Mweka Camp (3,100 m/10,170 ft) - Mweka Gate (1,980 m/6,500 ft) BB

Walking distance: About 15 km, 9.3 miles

Walking time: 3-4 hours

Descend: 1,120m/ 3,670ft
